- ✦ Physicians
- ✦ Nurses
- ✦ Dentists
- ✦ Nurse Practitioners
- ✦ Pharmacists
- ✦ Psychologists
- ✦ Physician Assistants
- ✦ Social Workers

The Very Best at What We Do

We at PIM know that the quality of our operations and educational activities will today or someday be used by a learner to treat a family member, a child or an elder—someone's beloved.

Therefore, we take our responsibility seriously and strive to be the very best at what we do.

Educational Outcomes Measurement

The PIM Educational Outcomes division is a unique blend of educational, clinical and statistical talent. PIM offers cost-effective, proven, reliable and evidence-based strategies to measure:

- ✦ Changes in learning (Moore Levels 3A and 3B)
- ✦ Competence (Moore Level 4)
- ✦ Performance in practice (Moore Level 5)

**Online e-Learning
Platform: CME University**
www.cmeuniversity.com

CME University is an economic way to extend the reach of your educational initiatives. The website features the latest medical information in a variety of formats, including case studies and streaming video and audio slide presentations. For healthcare professionals, CME University is easy to navigate, tracks user history, is available 24/7 and features a fully automated certificate process.

CME University offers traffic guarantees and provides comprehensive reporting of participant evaluation data.
